TESTIMONIALS

ANDREA, PMO EXECUTIVE

I loved this Summit! I feel like I have attended so many of these (virtual and in person) and always felt like I was attending an expo rather than a place I could learn and walk away with something from. This event was totally different. This free event was by far the best I have ever attended. The content, the expert speakers and resources were spot on. I have already gone back and referred to many of them for practical application and guidance. I'm already looking forward to next year!

NANCY, PROJECT MANAGER

I loved the impact! The focus is refreshing and very informative. It's full of useful, practical advice which inspires change and equips you to go out and do it again to help others drive business returns/value. Brilliant IMPACT strategy!

MARK, PMO LEADER

Loved learning about case studies, PMO structures in various organizations, best practices and value oriented PMOs. I liked that I could watch it on my own schedule.

CHIDI, PMO EXECUTIVE

What I loved about the PMO IMPACT Summit is that it was jam packed full of very useful information and takeaways for PMOs!

WHAT OUR SPONSORS SAY

100% of our sponsors have returned for 2020 citing the increased visibility, attendee engagement, and variety of benefits to reach their target market.

How can we help you make a bigger IMPACT?

A NOTE FROM OUR FOUNDER LAURA BARNARD

Thank you for your interest in being a part of our movement to help PMO leaders make an even **bigger IMPACT with the PMO!**

Before I started PMO Strategies 7 years ago, I spent 15 years "on the inside" building, running, and rescuing PMOs. I know just how difficult it can be to not just survive but **THRIVE in that role.**

Our goal is to ensure that **every PMO leader** has access to the knowledge, guidance, and resources necessary to make an important shift from process-driven functions focused on **outputs** to nimble, lean, and streamlined engines that achieve high-**IMPACT outcomes.**

As a **trusted advisor to this community**, we carefully guard their trust in us by only sharing a select group of industry leading technology solutions and frameworks **we believe in** to help our audience achieve their goals.

Together, we have the power to shift the way the industry views and leverages PMOs to achieve **higher IMPACT outcomes on every project, every time.**
